

Product Description	Sports Style MP3 Player
<p>If you're looking for a simple MP3 player then this is simplicity itself! It acts as a disk when connected to a PC and so you just transfer and go....no software needed! One LED indicates the function and around 20 hours playing time can be achieved through the rechargeable lithium battery. It can be worn around the neck and is ideal for the gym, alleviating the boredom of that treadmill!</p>	 <p style="text-align: center;">Colour subject to change</p>
