

Product Description	Mars - M890-30BF
<p>A cool metallic design gives this player the edge over similar players on the market. The 'plug and play' USB stick design makes it very easy to load songs without the necessity for any additional software. It has multi-language, lyric support and built in EQ gives rise to good quality sound. It supports voice recording and FM recording via the FM radio. The built in rechargeable lithium battery gives an impressive playing time of approx. 8 hours.</p>
