

Product Description	X-Twin Mini Biplane
<p>The X-Twin Mini Biplane is so easy to fly! Two independent speed controllers enable wing mounted electric motors to steer the plane by joystick control. The unique wing design allows great stability which allows a complete novice to very quickly obtain a pilots license! It's made of tough, flexible EPP Foam to stand the knocks and dodgy landings. The Mini Biplane can even be flown indoors! Flight time is 10 mins or more and the transmitter requires 6 x AA batteries.</p>	 <p>Colour may vary</p>

## Product Specification

- Product Dimensions: Wingspan 220mm (8.5") Length 230mm (9")
- Product Weight: 20g, including rechargeable Flight Battery
- Flight Battery: High capacity 3.7v Lithium Polymer Battery included
- Charger: Integral Field Charger/Transmitter included
